# Living and Studying in Sydney

## Estimated Cost of Living

Living expenses can include accommodation, transportation, food, clothes, books and entertainment. You will need approximately AUD \$20,290 to cover the whole year of study in Sydney (excluding tuition fees). Rents are fairly high in Sydney but this depends on whether you choose to share with friends and which suburb you choose to live in. Transport is easy to access as all trains, buses, ferries and light rail leads to the CBD.

You should have at least AUD \$2,000 when you first arrive to cover your initial expenses. These figures do not include large household items such as a refrigerator or a car. For more information, visit [www.studyinaustralia.gov.au](http://www.studyinaustralia.gov.au)

## Overseas Student Health Cover (OSHC)

The Australian government requires that all international students have Overseas Student Health Cover (OSHC). OSHC offers you access to a world-class health care system. The quality of treatment is excellent for anyone who gets injured or is sick in Australia; however it can be costly. Having OSHC can assist in mitigating these costs. BUPA is a popular insurance company with international students.

## Find Work While You Study

International students are allowed to work for 40 hours per fortnight whilst studying full-time. There are numerous casual and part-time jobs available for students in cafes, restaurants, or retail businesses. Working offers you the right to a minimum wage as well as superannuation. For more information, visit [www.fairwork.gov.au](http://www.fairwork.gov.au).

# Finding A Place to Live

## Accommodation

There are a range of accommodation options available in Australia to suit your needs and budget. The most common types of accommodation are homestay and rentals.

## Homestay

Homestay gives you the opportunity to live with an Australian family in their home. Homestay can be a great option for younger students as you will have a supportive family environment and a home away from home. Some homestay options include meals and others are self-catered, so you can choose the option that best suits your needs.

## Rentals

Another accommodation option is to rent your own unit or room in a shared apartment, flat or house. In a rental arrangement, each person usually has their own bedroom and shares the bathroom, kitchen and living areas with housemates. Many students choose homestay when they first arrive and then move onto rental accommodation once they've settled into the area and have a better idea of where they'd like to live and the type of accommodation they'd prefer.
